

USAI® Lighting

* A collar extender option is available to accept ceiling thickness up to 2"

BeveLED Mini PANCAKE™

All-In-One Adjustable Housing

Meet **BeveLED Mini® Basic PANCAKE™**. The thinnest high powered adjustable recessed light fixture – ever.

With an unbelievable 2.3" depth enabled by USAI's patented and highly compact design, the ambitious pancake thin family can live anywhere and everywhere – making seamless and universal adjustability between downlight, adjustable and wall wash fixtures super simple.

PANCAKE thin for tight spaces while stacked with features and ultimate performance.
