TTX COMPANY CELEBRATES RELOCATION WITH GRAND OPENING CEREMONY

CHARLOTTE, NC – TTX Company announces the successful relocation of its corporate headquarters from Chicago to Charlotte. The move was first announced in June 2023 and completed in July 2024. TTX had been headquartered in Chicago since it moved from Philadelphia in 1971.

To mark the occasion, TTX will host a private grand opening ceremony at its new office in South End, Charlotte, on September 25th. The event will bring together city planners, city leaders, and key partners involved in the relocation, including CBRE, Gensler and Shelco.

TTX's new corporate office has been strategically designed to enhance the needs of TTX's business operations, aligning with the Company's commitment to operational efficiency while continuing to serve the needs of North America's freight network. TTX successfully hired talent from Charlotte and relocated employees from Chicago to its new headquarters.

Thomas Wells, President and CEO of TTX Company: *"TTX's move to Charlotte, North Carolina has exceeded our expectations. The local talent we attracted to the company has been excellent and we are pleased that we have surpassed our hiring goals. The business community in Charlotte has also lived up to its reputation and we look forward to contributing as a productive and engaged corporate citizen. TTX Company is confident that we will continue to provide exceptional rail and freight car management service for the North American rail industry from our new home at The Line in South End for many years to come. We would like to thank local leaders, the developers of our new headquarters, and most importantly our employees for ushering in this exciting new chapter for TTX."*

About TTX

TTX Company is a leading provider of railcars and related freight car management services to the North American rail industry. TTX's pool of railcars – over 175,000 cars strong – is ideal for supporting shippers in the intermodal, automotive, paper & forest, metals, machinery, wind energy and other markets where flatcars, boxcars and gondolas are required. Owned by North America's leading railroads, TTX's free-running pools provide fungible assets that minimize total empty miles, further lowering costs and minimizing risk for the industry, helping the railroads conserve their capital for other critical infrastructure needs. Customers easily recognize TTX's bright yellow cars as a consistent, high-quality, well-maintained fleet that serves many transportation needs.
